The simplest, most effective way to make sure users are really who they say they are...

**WHAT IS DUO 2 FACTOR?**

- DUO two-factor authentication strengthens access security by requiring 2 methods to verify your identity
- Protects against phishing, social engineering & password brute-force attacks
- Secures your logins from attackers exploiting weak or stolen credentials

**HOW DOES DUO BENEFIT ME?**

- **Keeps Your Direct Deposit Safe**
  - 2 layers of protection keeps your DIRECT DEPOSIT money where it belongs

- **Protects Your Accounts**
  - Phishing attacks are designed to steal your credentials. With DUO, attackers can't access your account!
